

### Learning Goals Contract

**Student Name:** ..... **Date:** .....

**Placement:** .....

**Clinical Educator:** .....

What knowledge and skills do I want to gain?	For this goal, my current knowledge and skills are ...	Strategies to develop goals	Time Frame	I know I have achieved my goal when I can/am able to .....
Example: 1. <i>To gain knowledge and skills on how to administer and score standardised assessments for the 2-5 years age group.</i>	<i>I have only conducted adult standardised assessments previously. I have some knowledge from lectures, PBL and clinical skills tutorials on how to conduct a paediatric standardised assessment.</i>	<i>To revise lecture material. To become familiar with the main paediatric assessments by reading the manuals. By discussing these with students who have worked with paediatric caseloads as well as my peers and CE.</i>	<i>Increased knowledge by midway. Entry level competency for administering and interpreting an assessment by final COMPASS.</i>	<i>Been marked 'entry level' on relevant CBOS assessment elements on COMPASS. When I have confidence in my abilities to administer and score a routine paediatric assessment independently.</i>
